

Show 'em you're a cyclist.
Show 'em what you believe.
Show 'em you support safe cycling!

When you purchase "Share the Road" organizational plates, it's not "vanity." You get the cool cycling image bolted to your vehicle, true... but the little extra money it costs for coolness goes to the Ohio Department of Public Safety to ensure the continued publication of *Ohio Cycling Street Smarts* – the excellent safe bicycling book – for distribution all across Ohio. So when it's time to renew your plates, ride on down to your local deputy registrar and tell 'em "Share the Road." It's a message we all can live with! Also available online through Oplates.com – click on "Special Plates."
